## PROFESSIONAL GOAL

I worked as a videographer with several Dell employee resource groups. Successfully producing various projects, including long form, short form social media marketing content, corporate event recaps, and a variety of subject matter tutorial videos. After completing professional training, I ventured out as a part-time free-lance videographer creating a wide variety of content for events, businesses and individuals. Filming in raw footage, dynamic lighting, live recording to post-production. Also handled all editing, sound design and any special effects including audio recording mixing and mashing. Seeking an opportunity to continue to work on projects like corporate videos, commercials, podcasts and documentaries to deliver finished visual stories.

## Software Tools

Adobe (Illustrator, Photoshop, Lightroom, Premier Pro, After Effects, Audition, Express, Firefly)  
A.I. Video Creation Software  
Autodesk Maya 3D Rendering  
Cinema 4D Rendering

Final Cut Studio Video Editing  
Davinci Resolve Video Editing  
Microsoft Word, Excel, PowerPoint  
Final Draft Script writing.  
Pro Tools

## Equipment Tools

Red Epic Camera  
Red Dragon Camera  
Z Cam Camera

Blackmagic URSA,  
Sony FX3, FX6  
3-Axis Gimbals

## PROFESSIONAL EXPERIENCE

### **DELL Technologies**

*Graphics Designer / Storage Technical Engineer*

**May-2013 thru March-2026**

Filmed several commercials for Dell's STEM Day events. Plan and manage cut shot sequences to different angles at specific points in scenes while ensuring a seamless and smooth cut for everyone. Setup systems and controls to operate computer editing, video switching equipment, and digital video effects units to produce the final product. Conduct 20+ interviews with event attendees to develop 30+ digital motion graphic animations for event related videos. As Storage Engineer I performed installation, maintenance and repair of server storage systems including setting up a variety of storage with RAID 0-10 configurations. Configured NAS and direct attached storage devices. Diagnose system memory issues and setup and configure IDRAC firmware.

## Passion Projects Freelance Work

Multi-Media Content Designer

### **Showtime Barber Shop – Grand Opening Video:**

**October-2024 thru November-2024**

This interview-style video was created to celebrate the grand opening of “*Showtime Barber Shop*” in Ada, Oklahoma. The piece features authentic conversations that highlight the vision behind the shop, the craft of barbering, and the welcoming atmosphere created for the local community. Designed to feel personal and engaging, the video introduces viewers to Showtime Barber Shop while capturing the energy and excitement of its opening.

### **Elite State of Mind Podcast:**

**October-2021 thru November-2022**

Produce video and audio content for weekly podcasts. Produced 50 episodes, making key creative decisions during the planning, production, and post-production processes. Operated a range of digital and analog cameras. Oversaw every stage of the production process, from budgeting and shot listing to audio mixing and video editing. Also scouted 20+ locations and negotiated over 30 equipment rental contracts. Successfully stuck to client budget limitations 100% of the time.

### **AIM Realties – Home Tour Video**

**May-2022 thru June-2020**

Produced a walkthrough home tour video for AIM Realties in Oklahoma City. The video showcases the best features of a house for sale, highlighting its layout, design, and key selling points through smooth, engaging visuals. Designed to give potential buyers a clear and inviting look at the property, the tour presents the home in a way that feels both informative and welcoming.

### **Tokyo Moon – Restaurant Commercial**

**January-2019 thru February-2019**

In 2019, Charlie Skinner, working for PassionProjects2020, created a visually engaging commercial for **Tokyo Moon**, an Oklahoma City sushi restaurant. The video highlights the restaurant’s signature sushi boat experience, showcasing an abundant and artfully presented selection of rolls as the centerpiece of the dining experience. The final piece serves as a promotional spot that celebrates Tokyo Moon’s unique presentation, culinary creativity, and welcoming environment—positioning the restaurant as a standout destination for sushi in Oklahoma City.

### **Coding with Kids – Dell Technologies STEM**

**November-2019 thru December-2019**

In 2019, Charlie Skinner filmed a STEM-focused video for **Dell Technologies** highlighting the *Coding for Kids* initiative. The video captures children from across the Oklahoma City district coming together to learn coding skills, showcasing hands-on engagement, curiosity, and early exposure to technology. The piece emphasizes Dell Technologies’ commitment to STEM education and inspiring the next generation through accessible, community-driven learning experiences.

## **EDUCATION**

**Metro Technology Center, Oklahoma City, OK, CA, May 2011**

Computer-Aided Drafting & Design (AutoCAD)

**University of Central Oklahoma (UCO), Edmond, OK, GPA 4.0, May 2010**

Bachelor of Fine Arts in Film Studies
